

Do You Need Help Navigating Our Site or Choosing a Delivery Format?

We know your time is valuable and we want you to get the information and services you need quickly and in the highest quality. Please take a few moments and review the product format and site navigation information below. And by all means, give us a call with any questions or problems at 800-468-6874.

Search The Database or Browse The Libraries

On the cssmusic.com home page, you'll find a list of all of our royalty free music libraries along the left hand column. If you select a library (e.g. Target Trax), you can pull down a list of all the library volumes and see a description of the genres covered. You can then "GO" to that library volume and listen to each track in its entirety by clicking the .MP3 LoFi button to the left of each title. If you want to buy a CD, Download a Q-Disc CD Volume or Download an individual track, buttons are placed at the top of each library page and to the right of each title. Pricing Information is viewable by clicking on the top menu bar: "Price List", "CSS Music Online Store" or "Q-Disc eStor".

To use our search system, hone in on specific styles and hear music fast, you can go to the top menu bar on the cssmusic.com home page and on all library pages and click **MUSIC SEARCH**. You can enter keywords, titles or words that might be associated with titles and quickly get relevant results to listen to. Once again, all samples are full length and very listenable. You can also confine your search to a specific library (e.g. Super Themes).

Choosing a Delivery Method

Here is quick overview of formats available:

1. **Compact Disc**- compatible with virtually every audio editing and processing approach. Still the standard of excellence in audio reproduction. CSS Music CDs are sold in the **CSS Music Online Store (see top menu bar)** or you can click the Buy CD button on each library page.

2. Q-Disc™ CD Volume Downloads- With this option you can have an entire CD volume on your desktop in 10 minutes and burn it to your own CD-R in about 10 minutes more. You can choose CD Quality .mp4 or near CD quality .mp3. Because you burn your own CD and use your own time and equipment to do it, Q-Discs are priced less than shipped CDs. Furthermore, with Q-Disc you avoid expensive overnight shipping and any applicable sales tax or import duties. Opting for Q-Disc typically saves between \$50 and \$100 vs CDs when you take all costs into consideration. **Q-Discs can be purchased by going to the Q-Disc eStor (see top menu bar) or by clicking the button “Purchase and Download Q-Disc” on each library page. Be sure to read in the Q-Disc Usersguide** on how to create a CD from your Q-Disc file that is virtually indistinguishable from a shipped CD.

3. Single Track Downloads- Want to pick and choose from more than 11,000 tracks of royalty free music and sound effects and pick just the right material for your production? One great way to go is the single track download. When browsing in libraries on www.cssmusic.com (e.g. Super Themes), you can scroll to the right while previewing any track and click “download”. This takes you immediately to our sister web site www.dawnmusic.com. There you can add the track to your cart and download with a credit card. You can also access the single track downloading mode by clicking on “single track downloads” on the top menu bar at cssmusic.com. Thirdly, you can always go directly to D.A.W.N. ®(Digital Audio Worldwide Network) at www.dawnmusic.com. When you “D.A.W.N.load” you can choose either full bandwidth 44.1khz or the 22khz multimedia resolution (CD quality vs FM Radio). If you choose 44.1, you can choose to download .wav, .mp3, .mp4 or QuickTime. At 22khz, you can choose either .mp3 or QuickTime. 48khz wav files are also available when you choose the full bandwidth resolution.

-Get \$40 in FREE D.A.W.N.loads-

Want to try the single track download system with no risk. No problem. Give us a call at 800-468-6874 and we'll give you a promo code good for \$40 in D.A.W.N. Dollars. **Just click on the “We'll Give You \$40 in Free D.A.W.N.loads” banner** on either www.cssmusic.com or www.dawnmusic.com to enter the D.A.W.N.load Validation Center. Fill out the form starting with the Promo Code, provide a password and submit to the system. You will be e-mailed back an account number. Add tracks up to but not exceeding \$40 to your promo cart and “check out”. You will be asked to acknowledge the license terms and select a payment option. In this case, choose “D.A.W.N.load Card” instead of credit card. You will then be asked for your Account Number and Password. Simple, straight forward, no strings. Choose anything you like. If you like the experience, we hope you'll come back with a credit card or perhaps roll your promo account into one of two bulk download plans...

4. Bulk Downloads-

There are two bulk individual track download plans to choose from. They work like a pre-paid phone card and you get your discount up front. You can choose to count down D.A.W.N. Dollars or actual downloads. To view these plans, visit dawnmusic.com and click on the red “bulk downloads” button on the left hand column.

5. Custom CD-R

Another way to be highly selective and achieve savings comparable to the bulk download plans is the Custom CD-R. Pick any tracks you want and we'll put them on your own Custom Library CD. Click on "Custom CD-R" on the menu bar on www.cssmusic.com for more information and prices.

6. UltraEdit™ Hard Drive System OR Q-Tunes™ DVD-ROMs

If you want the power of having a complete library package at your disposal at minimum cost, CSS offers two powerful options:

UltraEdit

When you have an UltraEdit, you literally can hold 11,000 tracks in the palm of your hand (the entire CSS package except Econotrax). You can search and play music instantly. Create playlists and cue sheets, burn CDs, do format conversions and much, much more. And when you're done with a project there's **no CD clutter to clean up**. Real Asset Management and Pure Production Power all in a handy hard drive about the size of a deck of cards. You can buy an UltraEdit in .mp3 or .mp4 formats (.wav also available on a larger hard drive). To learn more about this system that's installed in editing bays around the world go click on the UltraEdit banner on the cssmusic.com home page. **And be sure to check out the UltraEdit Usersguide, too.**

Q-Tunes

Another way to get "All the Quality at Half the Cost" is Q-Tunes. Like UltraEdit, you can get the entire CSS package but on 5 DVD-ROMS instead of a hard drive. And with Q-Tunes you can also get separate libraries. Q-Tunes comes with a search system and is delivered in .mp3 or .mp4 CD Quality. For details on this great way to get more music for much less money, click on the Q-Tunes banner on the cssmusic.com home page. **And be sure to also check out the Q-Tunes Usersguide.**

7. You Pick 'Em Plan-

Maybe you like Q-Tunes but want to be a bit more selective. This option lets you pick and choose 10 CD volumes from the entire CSS package and put them on one convenient CD-ROM in either .mp4 or .mp3 formats. Choose volumes from 4 pricing tiers or mix and match. It's a great way to get a lot of music and be selective at the same time. It's a great way to get started buying royalty free music or just get a lot of bang for your buck.

DISCOUNTS, DISCOUNTS, DISCOUNTS

CSS offers several discount plans:

1. Multiple Library Discount Plan- If you're buying CDs, you'll not only want to pay attention to internal library quantity discounts but also the CSS Multiple Library Discount Plan. This is a way to Super Size your order but not bust your budget. For more information click the "Buying CDs" blue banner on the cssmusic.com home page or click on "Multiple Library Discount" in the CSS Music Online Store.

2. Q-Disc "Buy One, Get a 2nd at 50% off Plan-
Q-Disc is all about saving money. Buy just one and you save. But buy two and you really save. You'll get a 2nd Q-Disc of equal or lesser value at **50% off**. For more information click on the Q-Disc banner cssmusic.com home page.

3. Educational, Government and Non-Profit Discount-
While it isn't a big discount it is our way of acknowledging the special needs of education, government and non-profit organizations. For more information on this program please visit the CSS Online Store (top menu bar on the cssmusic.com home page) and click on "Educational/Government and Non-Profit Discount".

Thank You for your interest in CSS Music and for taking the time to visit our web sites. If you have any questions at all or have any difficulties using our sites, please give us a call at 800-468-6874 or an e-mail to info@cssmusic.com.

We appreciate your business and look forward to working with you!

Sincerely,

The CSS Music /D.A.W.N. Music Team
